MZANSI SKILLS HUB

Job Title: Intern Web Developer

Mzansi Skills Hub is looking for a passionate and motivated Intern Web Developer to join our dynamic team. The intern will assist in building and maintaining various web applications using the latest web development technologies. If you're excited to work in a fast-paced environment and eager to learn from experienced developers, this opportunity is for you.

Key Responsibilities:

- Collaborate with the development team to design and implement new features.
- Write clean, scalable, and efficient PHP code for web applications.
- Maintain and optimize databases using MySQL.
- Use GitHub for version control and collaborative development.
- Ensure front-end components are functional and user-friendly using HTML, CSS, and JavaScript.
- Troubleshoot and debug applications.
- Assist with the deployment and maintenance of websites on various hosting platforms.

Requirements:

- Knowledge of PHP and its frameworks, especially Laravel.
 - Experience working with MySQL and GitHub.
 - Proficiency in front-end technologies such as HTML, CSS, and JavaScript.
 - Understanding of version control using GitHub.
 - Strong problem-solving skills and attention to detail.
 - Eagerness to learn and grow in a collaborative environment.
 - The Intern should be already on stipend
-

October 8, 2024

Required Qualification:

- A minimum of a National Senior Certificate (NSC)/Matric (or equivalent).
- Preferably pursuing or having recently completed a Diploma or Degree in IT, Computer Science, Web Development, or a related field.

Additional Information:

- **Duration:** 1 year (with a possibility of extension based on performance).
- **Location:** Remote
- **Equipment and Internet Requirements:** Candidates must have access to their own laptop and a reliable, stable internet connection, both of which will be at their own expense.

Interested candidates should send their CVs to cv@mzanziskillshub.co.za by **14th October 2024**.
